- **April Minutes to be added once published**

Laura's notes from the meeting:

- Actions continued from previous meetings will become future agenda items - meetings for the next 4x quarters to include:
 - Wiltshire Compact
 - What Matter's To You survey
 - Transition Towns
 - ABCD (Asset-Based Community Development)
- All RCP members had submitted feedback to Wiltshire Council regarding their review of the thematic partnerships. No further news "structural changes have delayed review process"
- Update from Develop on Equalities – ECBL branded section of Develop disbanded, as was GROW, now just one organisation: Develop but they continue to start up themed equalities cluster groups and hold wider equalities networks.
- Feedback from Trowbridge events that engagement with diversity is low so WfCAP to speak to TCAF about how we can address this.
- New lead on equalities at Wiltshire Council: Jane Graham

- New Chair Verena Buchanan suggested workshop to begin reviewing the RCP
- 3 potential roles:
 - Learning/sharing
 - Auctioning
 - Clout – needs a channel of communication upwards – groups RCP members work with need to know what they can expect from the RCP
- Needs to re-engage links up into council, especially to Wiltshire Assembly
- The partnership should focus on major issues of resilience such as the equalities protected strands and the issues from the Wiltshire Voices films
- A need for an action plan which adds value to the member's work, not just an collation of work already happening.
- It was mentioned that perhaps one issue should be picked for the RCP top pilot

- Presentation by Peter Tyas on Arts & Culture
- Will be included in JSA & Health JSA but there is a need to understand and prove impact, such as measuring positive wellbeing
- Art & Age project in Salisbury looked at ensuring high quality, sustainable daytime provision of culture where the older person is an equal, so not a training workshop but an opportunity to fulfil their creative potential.
- A 'bridge' is required between the cultural sector, care sector and voluntary sector and the RCP could broker this & raise awareness
- An arts conference is being planned for Wiltshire later in the year focusing on these issues.
